

MU Life Sciences Seminar Series: Introductory e-mail

Dear Students,

I would like to introduce the format and general rules of the MU Life Science Seminar Series course (MULSSS).

The Life Sciences Seminar (<https://seminarseries.muni.cz/life-sciences/about-the-series>) is a seminar series that focuses on the currently growing fields of Life Sciences, which combine modern methods of biophysics, computational modelling, imaging, biochemistry, molecular biology with “more classical” disciplines such as microbiology, physiology, genetics, developmental and evolutionary biology, and medicine.

The Life Sciences Seminar Series includes also the Mendel Lectures - <http://mendellectures.muni.cz/>.

THE MOST IMPORTANT INFORMATION:

1) LIFE SCIENCES LECTURES (THURSDAYS, 16:00 AT UKB, PAVILION B11, ROOM 132)

One-hour talk takes place on Thursday afternoons at 16:00 in the lecture hall B11/132.

We usually organize a lunch for students with speakers. If you wish to join and talk to any of the speakers, please register in advance using the link in the invitation, which I will distribute each Monday before the lecture.

2) MENDEL LECTURES (THURSDAYS, 17:00 AT MENDEL REFECTORY)

One-hour talk takes place on Thursday afternoons at 17:00 at Mendel Refectory at Mendel Square. The Mendel lectures are not an obligatory part of your course and they are not broadcasted to the University Campus. However, you can substitute here an attendance for the Life Sciences Seminar. Lunch for students is usually organized also for Mendel Lectures, if you would like to join, please contact pavlikova@med.muni.cz.

3) PROGRAM

You can find the program of the upcoming semester here – the first lecture is planned for 03.03.2022:

<https://seminarseries.muni.cz/life-sciences/about-the-series>

(abstracts will be added ca 2 weeks before the lecture)

4) CREDITS, REQUIRED ATTENDANCE

a) Please check the courses connected with MULSSS here:

<https://seminarseries.muni.cz/life-sciences/about-the-series/registration>

Since this semester, there are the same attendance requirements for all courses – 5 attendances per semester are required.

b) Please check whether you enrolled in the correct course according to the type of your study. You can enroll only in one of the MULSSS courses.

c) Please, sign the attendance lists legibly (!) to avoid any misunderstanding with getting credits. Attendance lists will be distributed at the end of the talk in order not to disturb the speaker and the audience.

5) ADMINISTRATOR CHANGE

Please, note that since spring 2022 there is a new administrator of the seminar – Linda Noskova.

If you have any questions or comments, please do not hesitate to contact me via e-mail.

Thank you very much for your cooperation!

With best regards,
Linda Nosková
