

DOBEŠ LAB

**OPEN
PHD POSITIONS
IN IMMUNOLOGY**

JOIN US !

**Are you interested in immunology of host-pathogen interactions?
Do you want to be part of emerging, young team of scientists?**

We are searching for talented and enthusiastic new lab members with deep interest in mucosal immunology, biology of infectious disease and host-pathogen interactions. Details about open positions can be found on PhD program website stars-natur.cz or links below.

**Crosstalk between antigen
presenting cells**

**Development and function
of innate lymphoid cells**

**Regulation of T-cell responses
by innate lymphoid cells**

FACULTY OF SCIENCE
Charles University

Dobeš lab, Charles University, Faculty of Science,
Department of Cell Biology, Viničná 7, Prague.
